There are also two 99sqm function rooms, and a 72sqm board room, with all rooms equipped with a projector, sound system, light and climate control as well as Wi-Fi internet access. A professional MICE team is also on hand to ensure that your conference or meeting runs smoothly.

Functions or meetings can also be accommodated in an al fresco environment, with the spacious Party Lawn capable of hosting up to 1,200 guests and boasting stunning ocean views. A business center is

available to corporations staging events, offering a translation service, scanning, copying and other administrative services.

The Mangrove Tree Resort has in the past hosted the annual general meetings of such corporations as GE, IBM, GlaxoSmithKline and Cisco amongst many others. The resort has also hosted several large scale events, including the 54th Miss World final, the Hundred Flowers Film Festival as well as being the official hotel of the Strongest Man in the World Competition in 2006.

In 2008, the resort was appointed by the Boao Economic Forum as the official state delegation hotel, hosting Prime Minister Kevin Rudd as well as the Presidents of Pakistan and Sri Lanka. An official Olympic Torch Party held in conjunction with Coca-Cola was held at the resort, welcoming such international stars as actress Zhang Zi Yi and NBA player Lee Hom Wang.

Away from the formality of its MICE facilities, the Mangrove Tree Resort offers an atmosphere where business delegates can relax and unwind. The masterpiece open air lobby provides for a great meet and greet location, breathing in the sea air only 20m away. The resort's private, 260m beach allows delegates to experience the best of Hainan's warm waters. For those looking to relax on the fairway, the Yalong Bay Golf Course and the Sun Valley Golf Course are both close by.
